Hi Glen:

Can you run a search for emails between Paul Argenzio and Wheelabrator and Paul Argenzio and Conservation Law Foundation?

Please let me know the total number of responsive emails for each search so that I can put together a good faith estimate.

Thank you,

This is a follow up to a previous request:

Hi Ashley,

Thank you!

I would be happy to narrow my request for emails. I'd like a copy of all email communications between Department of Public Works superintendent Paul Argenzio and employees of Wheelabrator Technologies.

I'd also like a copy of all emails sent between Argenzio and members of the Conservation Law Foundation.

Please let me know an updated timeframe/cost for these new parameters when you can.

Best,

Liam Knox

Re: Public Records Request - Good Faith Estimate

Dear Mr. Knox:

This letter shall serve as a response and good faith estimate for your public records request dated March 15, 2019.

1. The City of Revere does not have any responsive documents relative to your request for "all environmental impact reports for... Wheelabrator Saugus." Please contact the Massachusetts Department of Environmental Protection for this information.

2. Please see attached agreement between the City of Revere and Wheelabrator Saugus.

3. In accordance with M.G.L. c. 66 § 10(d)(iii), the fee to conduct the search, segregation, and review of the email communications you have requested is \$787.29. The search generated 4,019 emails. The City may not charge for the first 2 hours per § 10(d)(iii). The good faith estimate is calculated as 4,019 emails at 30 seconds per email at \$25.00 per hour.

Please remit a check to the City Clerk's Office in the amount of \$787.29 made payable to the City of Revere along with a copy of this email. Upon receipt of your payment, the City will begin the segregation and review process. Please be advised that the actual cost of producing the records may vary once the City begins preparing your response. Alternatively, you may prefer to narrow your request so as to reduce the number of responsive records.

Pursuant to 950 CMR 32.08(2) and Mass. Gen. Laws ch. 66, §10(b) this determination may be appealed to the Supervisor of Public Records within 90 days.

Very truly yours,

Ashley E. Melnik
City Clerk
Records Access Officer

On March 14, 2019:

To Whom It May Concern:

Pursuant to the Massachusetts Public Records Law, I hereby request the following records:

A copy of all environmental impact reports related to the seven waste combustion facilities in Massachusetts: Covanta Haverhill, Covanta of SEMASS, Wheelabrator Millbury, Wheelabrator North Andover, and Wheelabrator Saugus. For the offices of the town and city clerks who are also receiving this request, please limit your search to the facility located within your jurisdiction.

I am also requesting a copy of all emails between department employees and employees of Wheelabrator Technologies from 2000-the present; as well as between department employees and employees of Covanta Energy.

I am also requesting a copy of all contracts between the state or city and Wheelabrator Technologies, as well as all contracts with Covanta Energy.

I would also like a copy of all emails from constituents that include the keywords "waste incinerator," "waste combustion," "Wheelabrator," "Covanta" and/or "waste pollution."

I request that I be properly classified as a news media requester. I am an intern for MuckRock, and I am requesting this information in that editorial capacity. MuckRock is widely known for its investigative work as well as historical pieces based on public records requests.

I also request that, if appropriate, fees be waived as we believe this request is in the public interest, as suggested but not stipulated by the recommendations of the Massachusetts Supervisor of Public Records. The requested documents will be made available to the general public free of charge as part of the public information service at MuckRock.com, processed by a representative of the news media/press and is made in the process of news gathering and not for commercial usage.

I expect the request to be filled in an accessible format, including for screen readers, which provide text-to-speech for persons unable to read print. Files that are not accessible to screen readers include, for example, .pdf image files as well as physical documents.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days, as the statute requires.

Sincerely,

Liam Knox
